

## Monarch Towers Dubai, UAE

**Client:** ROYAL

The firm was appointed lead consultant for the mixed-use development located at the prestigious World Trade Centre roundabout in Dubai, the firm provided engineering services for the project.

**Scope:** 40-storey Office Tower

The twin-tower development houses a 40-storey office tower and the 5-star Monarch Hotel which sits on a large podium accommodating retail outlets, restaurants, a ballroom, meeting rooms and a luxury health club.

A duplex suite of 1,120m<sup>2</sup> is situated on the 32nd and 33rd floors and connects the two towers. This bridging almost at the top of the two sky-scrapers resulted in a spectacular design solution to a unique engineering challenge.
